

Emmanuel

Even when walking through shadows
My heart will not bend in fear
Because I know
I know you are with me

Even when I had denied you
You never once stepped away
Now I know
I know you are with me

And though the world may tremble
My heart will ever trust
You are Emmanuel
God with us

There is no height and no distance
You do not go for your love
And I know
I know you are with me

No greater love could be fathomed
Than when you gave your life for our sin
Now I know
I know you are with me

Emmanuel
Emmanuel
Emmanuel
God with us
