

# Little Heart Beats

How beautiful and intimate  
You formed us in our mother's womb  
You breathe the breath inside our lungs  
And draw Your children close to You

We are invited  
You are delighted in us

*Jesus you are glorified  
Jesus you are glorified  
by little hands  
and by little feet  
and little heart beats*

It wasn't by an accident  
Your life came to a virgin's womb  
A miracle from Heaven sent  
To draw Your children close you

We are invited  
You are delighted in us

For when we have faith just like a child  
Jesus Your name is glorified  
And when we receive you like a child  
You fill us with eternal life
