

Open My Heart

After my failure breaks me
Frustration takes me
And I'm left shaking with fear

All of my plans have crumbled
My feet have stumbled
And I wonder
How did I end up here

I want to live a life that shows
That I know how good you are

Open my eyes when I don't see you
Open my ears to hear your voice
Open my heart when I don't feel you now
Help me believe in you

I'm taking all my worry
The way a hurry
All my fears and laying them
At your feet

God a I want to obey and
To listen pray and
To know you
Following where you lead

I want to live a life that shows
the world how good you are

You wake me up
Renew my mind
Stir my soul
Help me to be alive
