

The Way You Love

Jesus your grace, it gives us courage
To walk in faith and live with purpose
and as we go you go before us

We're free because you paid our ransom
Jesus your cross, it is our anthem
We'll sing it loud, Lord send us out

*We wanna love the world the way you love
We're gonna give it all to answer your
calling*

*We wanna shine a light on all you've done
Lord change us and move us
to love the way you love*

Where we see shame, you see
forgiveness

Where we see pain, you're bringing
wholeness

Open our eyes, to what you shown us
Lord make our hearts reflect your glory
Lord take our lives, they are an offering
The earth is yours and we are yours

God, your love is a mission, it's mercy in
motion
Your love is an fountain, a river, an ocean
Your love is eternal, unending, and true
That's the way you love, that's the way
you love
