

# We Bow Down

Oh how we waited  
Prophets and poets  
Said you were coming to us  
Giving up heaven heaven  
To die here among us  
All for a world that you love

*We bow down on bended knee  
To worship and adore the Savior King  
Who has come to heal our hearts  
Who has come to set us free  
Who has come to give His life  
Oh we bow down*

Oh how we trembled  
Voices of angels  
Declaring You've come down to us

Oh but do not be afraid  
Great joy has come today  
Let us go and see the Promise fulfilled

Joy to the world  
The Lord is come  
The Lord is come  
We're singing joy to the world  
The Lord is come  
The Lord is come
