

Everything

Jesus at the cross I lay
My sins and old ways down
Please give me strength to
Leave them far behind

Fill me with your Holy Spirit
And guide me in your ways
Cleanse my heart
and please renew my mind

I surrender everything
I surrender everything
Jesus be my way, my truth, my life
My everything

Jesus I am resting in your arms
Just like a child
Keep me close
and never let me go

Fill my heart with love like yours
Make me more like you
Wash my soul
as white as winter snow

You have made my heart a new creation
You make old things pass and all things new
You are all my hope and my salvation
Everything I am belongs to you
