

Little Heart Beats

How beautiful and intimate
You formed us in our mother's womb
You breathe the breath inside our lungs
And draw Your children close to You

We are invited
You are delighted in us

*Jesus you are glorified
Jesus you are glorified
by little hands
and by little feet
and little heart beats*

It wasn't by an accident
Your life came to a virgin's womb
A miracle from Heaven sent
To draw Your children close you

We are invited
You are delighted in us

For when we have faith just like a child
Jesus Your name is glorified
And when we receive you like a child
You fill us with eternal life

Intro:

C D G/B C
