

What a Glorious King

I saw the sunrise
Stretch its arms over the earth
And the mountain reach toward heaven in
praise
A vast creation
By an uncreated God
Who was here before we counted the days

All the things You made and said were good
Just glimpses of Your greatness and glory

So sing to the magnificent Creator
What a Glorious King
What a Glorious King
Join all of heaven worshipping the Maker
And together we sing
What a glorious King You scattered starlight
Over infinite space
And You chased away the darkness with a
word
And there with one breath
You gave life to every man
Who You formed out of the clay of the earth

And every single breath that you give to me
Is evidence of your love and mercy

Oh let my every heart beat
Oh let my every word
Be a reflection of the love You deserve
Of the love You deserve
